

Security and Quality of Supply Standards (SQSS) Headline Report - January 2019

Introductions

The NETS SQSS Review Panel Headline Report is produced after every NETS SQSS Review Panel and aims to provide an overview of the key discussion points.

The Chair (Christine Brown) opened the Panel Meeting by making introductions and advising Panel Members that she has taken over from Shazia Akhtar and will now be The Chair for the SQSS Panel.

Approval of September Minutes by Panel

The minutes from the SQSS Review Panel meeting held on 14 September 2018 were approved subject to comments received from AC which have been acknowledged and amendments made.

These will be shortly available on National Grid ESO website [here](#)

Review of Actions with Action Log

Action Log – please refer to action log [here](#)

Chapter 7

The Chapter 7 Workgroup provided a draft Guidance document for the Panel to view and highlighted that they were not able to reach conclusion on variations to connect design, substation bays and dynamic ratings. Actions have been taken away by Panel members for clarity and next steps. The draft Guidance that will be published shortly without these elements incorporated in the interim.

Draft Modification Report

GSR025 Updating the SQSS to reflect the recent modification to Engineering Recommendation P28

CB stated that the final Modification had been circulated and no were concerns raised during the Industry Consultation undertaken. All Panel Members agreed for GSR025 to go to the Authority within the next 5 working days.

Standing Items

- a) No comments from panel Members on review of Modification Register – please refer to modification register [here](#)

Any Other Business

Greg Heavens going forward will be the (NGET)ESO representative and thanked Rachel Woodbridge-Stocks for her contribution to the Panel. Rachel will continue to be Greg's alternate.
