Q1	Do you agree that the proposed amendments achieve the Distribution Code Objectives?	
Q2	Do you agree with the proposed text contained in the draft legal text for the DCode and the Constitution and Rules of the DCode Review Panel, or do you have any alternatives to propose?	
Q3	Are you comfortable with the approach taken to reduce the number of geographical differences in the DCode, so that the 'Onshore Transmission Licensee' role is more consistent i.e. the amendments made to the DCode Clause 'DOC9.4.1.5' on the Black Start process?
