1 Alternative proposed solution for workgroup review

Mandatory to complete. Please outline your proposed alternative to the modification defect outlined within the Original Proposal

2 Difference between this proposal and Original

Mandatory to complete. Please provide as much information as possible as to why this proposed solution is different to the Original solution proposed

3 Justification for alternative proposal against Distribution Code objectives

Mandatory to complete. Please delete the Distribution Code Objectives that are not applicable.

Impact of the modification on the Relevant Objectives:	
Relevant Objective	Identified impact
Permit the development, maintenance, and operation of an efficient, coordinated and economical system for the distribution of electricity;	Positive/Negative/None
Facilitate competition in the generation and supply of electricity;	Positive/Negative/None
Efficiently discharge the obligations imposed upon DNOs by the Distribution Licence and comply with the Regulation (where Regulation has the meaning defined in the Distribution Licence) and any relevant legally binding decision of the European Commission and/or Agency for the Co-operation of Energy Regulators; and	Positive/Negative/None
Promote efficiency in the implementation and administration of the Distribution Code.	Positive/Negative/Neutral

Insert text here. **This is mandatory to complete.** Please explain how this change will positively or negatively impact the relevant Code objectives and concisely explain the rationale.

4 Impacts and Other Considerations

Insert text here. **This is Mandatory to complete.** Please concisely set out in detail any potential cross-code, consumer or environmental impacts and attach or reference any other, related work.

Provide detail on:

- i. Who (i.e. which industry code) is impacted;
- ii. Which processes are impacted; and
- iii. Systems impacted

Consumer Impacts

Insert text here. **Mandatory to complete.** Please provide the main impacts so that readers have an overview of how the change proposed will affect the Consumers.

Please outline the impacts of this proposed alternative in terms of the high, medium or low impact if that differs from the Original proposal

5 Implementation

Insert text here. This section is mandatory to complete. Please provide any views you have on implementation timescales, including the costs and benefits of a range of implementation options where appropriate and an assessment on how the costs will be recovered.

6 Legal Text

Please provide legal text where possible to support the proposed solution.

Please outline where the proposed legal text differs from the text included in the Original Proposal. You do not need to duplicate the full legal text within this section
